

MiDEAL Contracts For IT Solutions

Overwhelmed by a short or long term project and the lack of available resources?

Dewpoint's MiDEAL contracts will allow you to procure the skill sets you need quickly and easily.

About MiDEAL

MiDEAL (Michigan Delivering Extended Agreements Locally) allows locals to benefit from the State's negotiating and purchasing power by permitting them to purchase from the State's contracts on the same terms, conditions, and prices as State government. Locals benefit not only from the reduced cost of goods and services, but also from indirect savings related to writing specifications, researching industries, processing invitations to bid, recruiting a diverse pool of potential suppliers, and making awards. MiDEAL is open to any local city, village, county, township, school district, intermediate school district, non-profit hospital, institutions of higher learning, or community or junior college in Michigan.
