

# Optimization Assessments For Microsoft Customers

Dewpoint’s Optimization Assessments for Microsoft Customers provides in-depth advice, analysis and content to assist customers with IT budgeting and planning and ensure current IT investment maximization.

*\*Dewpoint is a Microsoft Certified Partner. Contact your Dewpoint representative, or email [service@dewpoint.com](mailto:service@dewpoint.com), for a quote on the full line of Microsoft products and support.*

## Program Elements

The output of the Assessment for Microsoft Customers includes comprehensive reports outlining investment savings and opportunities for:

- Collaboration and document management
- Security across the desktop
- Messaging environment upgrades
- Systems management
- Compliance

## Customer Assessment Options

Solution Interest	Microsoft Products	Assessment To Run	Time Needed
<ul style="list-style-type: none"> <li>• Business Intelligence</li> <li>• Collaboration</li> <li>• Unified Communications</li> </ul>	<ul style="list-style-type: none"> <li>• Exchange Server</li> <li>• Office Communications Server</li> <li>• Office Professional</li> </ul>	BPIO	<ul style="list-style-type: none"> <li>• Average 15 minutes per category</li> <li>• Number of questions range from 9 – 15 per category</li> </ul>
<ul style="list-style-type: none"> <li>• Identity &amp; Access Management</li> <li>• Desktop Device &amp; Server Management</li> <li>• Security &amp; Networking</li> <li>• Data Protection &amp; Recovery</li> <li>• IT &amp; Security Process</li> </ul>	<ul style="list-style-type: none"> <li>• MS Windows Server</li> <li>• Windows 7</li> <li>• Microsoft Office System</li> <li>• MS Forefront</li> <li>• MS System Center</li> <li>• Virtualization</li> </ul>	Core IO	<ul style="list-style-type: none"> <li>• Average 15 minutes per category</li> <li>• Number of questions range from 5 – 35 per category</li> </ul>

## Program Deliverables

### Pinpoint Savings Benefits

Dewpoint experts can assist in helping your organization pinpoint savings benefits:

- Estimate possible ROI for future projects
- Gain conservative, probable and optimistic calculations
- Customized reports

### Benchmark Current Strengths

Compare your organizational performance to equivalent peer groups:

- Find out how you compare to others in key areas YOU select
- Pinpoint where your competitors have invested
- Identify areas where you can strengthen your competitive advantage

### Comprehensive Report

A comprehensive report will be delivered at the end of the assessment, outlining investment savings and opportunities for:

- Collaboration and document management
- Security across the desktop
- Messaging environment upgrades
- Systems management
- Compliance
