Proof Of Concept

In order to ensure a successful Try & Buy Program, Dewpoint has developed a Proof Of Concept (POC) report which outlines the product specifications and overall program in detail. A POC, tailored to your organization's needs, can be provided by your Dewpoint representative. Responsibilities include:

- Dewpoint and client will participate in weekly meetings in person or via telephone to review status of Try & Buy equipment
- Client must provide a PO to Dewpoint within 60 days, or return the product to Sun Microsystems
- Payment terms for PO after completion of Try & Buy program is net 30 days
